Declares Demands of Allies to be Excessive—Fighting Ordered Resumed

SERVIA YIELDS TO ALL EXACTIONS OF AUSTRIA

Cholera Conditions of Turks are Frightful—Turk Warship Reported as Sunk

CONSTANTINOPLE, Nov. 21.—The porte today confirmed earlier reports that Turkey had rejected the peace terms of the allies because excessive. Fighting was ordered renewed.

SERVIAN PREMIER SAYS SERBIA IS STILL FIRM

LONDON, Nov. 21.—Belgrade dispatches today quote Servian Premier Pashich as denying that Serbia has yielded to Austria on the Adriatic port question, but insisted that Serbia is still determined to retain Durazzo. The premier's declaration is not taken seriously here. It is believed that it is made to satisfy the Servian war party.

Special cables to the London News Agency say that Turkey has rejected the terms of the Balkan allies and that Nazim Pasha has ordered his troops to resume fighting. The dispatches are unconfirmed and discredited here.

TURKEY SEEMS INCLINED TO DICKEP FOR BETTER TERMS

PARIS, Nov. 21.—Constantinople dispatches quote Nazim Pasha as saying that the Balkan war will continue unless the allies offer better terms.

Kallim Pasha said the cholera is subsiding among the Turkish troops, but others deny this and say the dead and dying are scattered everywhere. Little effort is made to remove the sick to Stefano, the cholera camp. Medical treatment is perfunctory. When the cars carrying the sick arrive, the men are thrown down an embankment into camp, where the majority are allowed to lie without attention. The death rate among the stricken is more than fifty per cent.

Cablegrams report that an Italian torpedo boat torpedoed and sank the Turkish battleship Hamidieh in the Black Sea and many Turks were drowned. The story is yet unconfirmed.

Servia Yields to Austria

VIENNA, Nov. 21.—Servia has notified Austria that all restrictions have been removed from Turkish territory captured by Serbia; that Serbia is preparing restitution to all who suffered at the hands of her troops.

BULGARS RETREAT 4 MILES SEEKING SANITARY QUARTERS

BUDAPEST, Nov. 21.—Constantinople dispatches today say the sound of firing is audible from the direction of the southern entrance to the Bosphorus. No explanation is given. The Bulgars this afternoon retreated four miles to the trenches outside the Tchatalja fortifications, desiring a more sanitary position, and to get as far as possible from the menacing cholera.

RECOUNT OF 35 LOS ANGELES COUNTY PRECINCTS BEGUN

LOS ANGELES, Nov. 21.—The Court of Appeals today began the recount of ballots cast in thirty-five precincts during the presidential election, the Democratic County Central Committee having applied that these ballots be thrown out. It is expected the count will be concluded today. Both sides will then submit briefs.

STRIKE TYING UP FRUIT CARS IN N. Y. HAS BEEN SETTLED

LOS ANGELES, Nov. 21.—The fruit buyers' strike in New York was settled early Tuesday through the efforts of the California Fruit Growers' Exchange, and the 300 cars of California fruits held on the sidetracks in New York for more than a week were placed on the market at once. The ending of the strike has brought to an end for all time the practice of rebating among the receivers of New York who handle California products.

General Manager G. Harold Powell of the exchange expressed great pleasure at the settlement of the strike and declared that it was an arrangement that he had hoped for years to see perfected.

Didn't Die When Dr. Predicted, So Sues For \$15,000

SPOKANE, Nov. 21.—Because he didn't die as predicted, William Colblatt, a jeweler, has brought suit for \$15,000 against Dr. C. F. Rohrer. He alleges the doctor told him he was suffering from cancer of the stomach, and would live only a short time. He sold his business at a sacrifice and waited for death. When he got tired of waiting he consulted a specialist who pronounced him in excellent health.

TAKE HORSE TO THE NEAREST STABLE

Any Animal Found at Hitching Rack After Midnight Will be Given Care

CRUELTY SOCIETY STARTS CAMPAIGN

Membership of the Organization is to be Re-Organized for Better Work

The Society for the Prevention of Cruelty to Animals has started on a campaign to break up the practice of many horse owners who drive their horses into Santa Ana, hitch them to a rack and go off and leave them for several hours, J. C. Joplin and G. A. Whidden, president and secretary of the society, have issued a notice to the public to the effect that horses left standing at the racks until late at night will be taken to the nearest livery stable and put up at the expense of the owner.

Constable Jackson, humane officer for the society, says that many ranchers are in the habit of leaving their horses hitched to a rack while the owners take a trip to Los Angeles. Sometimes the owners fail to return the same day or night, and the horses are left standing without food or water.

"Four or five hours is as long as any man ought to let his horse stand in the harness," said Jackson. "We are going to watch this matter closer than ever, and we want it understood that hereafter drastic action will be taken."

G. A. Whidden, secretary of the society, says that horses found hitched to racks after midnight will be taken to the nearest stable immediately. Any owner of a rig returning to the rack and finding his outfit gone may find that the horse has been taken away under the direction of some officer of the society.

The Society for the Prevention of Cruelty to Animals has begun a re-organization of its membership and is seeking for new members, the desire being to get more people interested in the work than are now interested. The following circular letter has been sent out:

"The directors of the Society for the Prevention of Cruelty to Animals desire to increase the roll of membership and drop from the roll those names of individuals who do not care to continue their membership any longer.

"The work of the society has been for many years carried on by the individual efforts of the directors, and without the co-operation of our citizens. Many of them should be deeply interested in the work that is being done by the society, and we now request them to send in their names and join with us in the work that needs to be done the coming winter.

"The special officer that we have appointed will attend to all cases reported to us and make full investigation and take such action as may be necessary in all cases.

As we have not collected any dues from our members for some time, we would ask all our old members, that desire to renew their membership to send us \$1.00, and that all new members will send with their application the same amount, which will constitute them members of our society for one year."

LABORITES ARE IN INTERNAL WAR

Row Over Conduct of Trial—Ortie McManigal Resumes His Testimony

INDIANAPOLIS, Nov. 21.—Internal dissension over the conduct of the trial is reported to have arisen among the forty-seven men of the Ironworkers' union charged with illegally transporting dynamite. Leaders and attorneys are silent and refuse to discuss the reports.

Ortie McManigal, the Government's star witness in the dynamiting case, resumed the stand today and continued his descriptions of dynamitings that he declares he engineered under the direction of officials of the Bridge and Structural Ironworkers' Union.

ACCOMPLICES OF REIDELBACH LOOKED FOR

Police Say One-Handed Man Could Not Have Evolved Delicate Mechanism Alone

MORE POLICE DETAILED ON CASE; MAN ONCE ARRESTED

Mother of Man Who Terrorized Police Station Says He is Mentally Off

LOS ANGELES, Nov. 21.—Carl Reidelbach, who attempted recently to dynamite the central police station, declared today that the newspapers are lying about him, and that when released he will dynamite the newspaper buildings and kill the newspaper men. Police officers will tomorrow take him to Bloomington, San Bernardino county, to locate a dynamite cache he claims to have there.

Reidelbach was today arraigned before Justice Williams in the University police court, and held in default of \$20,000 bail under Section 601 of the penal code for "feloniously depositing and attempting to explode dynamite in a public building."

POLICE BELIEVE REIDELBACH HAD ACCOMPLICES IN PLOT

LOS ANGELES, Nov. 21.—Working on the theory that Carl Reidelbach, alias Warr, alias Davis, who tried to dynamite the central police station, probably has accomplices, additional detectives were detailed on the case today. The reason for the belief is the ingenuity of the workmanship on the infernal machine. The general opinion is that a one-handed man would not be able to construct such delicate mechanism. The police detectives do not believe the man is crazy, and think they may trace the scheme to a yegg gang. A commission, however, will be appointed to examine into his sanity.

It was found yesterday in the records that Reidelbach had been arrested March 16, 1912, charged with burglary. At that time he gave the name of George Spencer. He was charged with stealing a five-gallon can of gasoline from a contractor on the east side.

Spencer, as he gave his name, told such a pathetic story that Judge Sumnerfield released him.

DYNAMITER'S MOTHER SAYS HE IS MENTALLY UNSOUND

SALT LAKE CITY, Nov. 21.—Mrs. Margaret Warr, formerly Mrs. Reidelbach, mother of Carl Reidelbach, lives at No. 655 South Eighth West street, this city. Last night she said she was overjoyed that her son was caught before he had time to explode the bomb and cause any damage or loss of life. She attributes his condition to mental aberrations.

"Carl was born in Germany thirty-six years ago," the mother said. "I came to Utah a widow and the mother of ten children, seven of whom are living, twenty years ago, having been converted to the Mormon faith. I later married John Warr, who is dead. Poor Carl is not mentally responsible. Thank God they caught him before he did any harm."

"When he was 12 years of age his stepfather kicked him in the head. Since then he has never been right. Fifteen years ago he was herding sheep near Scofield and found a giant dynamite cap and exploded it in his left hand. He lost his fingers. A year later, when he was herding sheep at Tooele, he accidentally shot himself in the left hip."

"The last time I heard from him he was working in a garage in Los Angeles. He was struck by a switch. engine and his collarbone broken. I sent him money in a letter, but it was returned. He has had a great many misfortunes. I do not think he would attempt any crime if he were thoroughly of sound mind."

CONVICTION OF GIBSON FOR MURDER PREDICTED

UTAH'S ELECTORAL VOTE FOR WOMAN FOR VICE PRESIDENT

SALT LAKE CITY, Nov. 21.—Mrs. Margaret Zane Witcher, present county clerk of Salt Lake county and one of the "ladies" electors, will receive Utah's electoral vote for vice president of the United States. The project was launched yesterday by Eph Homer, another Taft elector. A telegram will be sent to the Vermont Taft electors asking them to join Utah in casting their vote for Mrs. Witcher for vice president.

VALESKA SURATT TAKEN ON RIDE OVER NEWPORT BAY IN MARTIN'S HYDRO-AEROPLANE

Aviator Seized and Kissed by the Actress When Journey Through Sunset Skies Was Complete

Glenn L. Martin's aviation school at East Newport was opened yesterday with a twenty-minute flight given by Martin in his school hydro-aeroplane to Valeska Suratt, the musical comedy star who appeared at the Grand Opera House last night in "The Kiss Waltz."

The flight occurred at 4:15 o'clock. At 2:30 about forty members of "The Kiss Waltz" company arrived at the aviation school. Valeska Suratt and her husband and her manager, W. P. Cullen, and his wife, and Manager N. A. Ulm of the opera house drove down in Martin's new Stoddard-Dayton 40. The tide was low and there was not enough water in front of the platform for a start. It was a case of waiting for the tide to come in. While the actress and her husband were taken on a boat ride by Mr. and Mrs. W. W. Wilson, other members of the company amused themselves on the beach. Shells evidently were a novelty. Any kind of an old clamshell was seized with avidity as a keepsake.

The absolute accuracy of the calculations of Martin and his mechanics and head designer, Stevens, was proven yesterday. In the one hydro-aeroplane, parts of three were assembled and put into new wings and new controls, with some new aeronautical features added.

The men worked up to the last minute, and when they had finished their work, Martin got into one of the seats, which are fitted with a double control so that a pupil can drive the machine with Martin, started the engine and flew. That everything about the entire machine was absolutely correct speaks a word of comment for accuracy and care.

As the actress was getting into her seat, the members of her company began to sing "Hello, Hello, Frisco Town," an aviation song of "The Kiss Waltz." While admitting some nervousness, Miss Suratt laughed good naturedly.

Martin gave the passenger an excellent ride. He went up the bay to West Newport, came back down the coast side of the sandspit, over the heads of the spectators, along the rocky shore below Corona Del Mar and back to the landing place. The highest altitude reached was 600 feet.

Miss Suratt was met with cheers. Martin was unconcernedly extricating himself from the straps that tie him to the framework with which, by using his shoulders, he works the lateral controls, when Miss Suratt leaned over toward him, and quickly planted a kiss on the aviator's cheek. Martin was the most surprised man at East Newport. The surprise was so evident that everybody shrieked with laughter.

Automobiles were taken for Santa Ana, and the event was over with. The star was highly pleased with the ride. She declared she had enjoyed the day immensely. Martin's parents were spectators yesterday.

One of Martin's most advanced pupils is Urover Bell. Bell was at work with the mechanics yesterday. If the weather permits he will go up with Martin this afternoon. Bell is able to operate a machine alone, but his schooling is not yet completed.

It is probable that Florence Seidel of Santa Ana will be taken on her first flight today. If the wind is too strong at the bay, the flight will be postponed. From now on Martin will be busy every day with his pupils. His first class comprises nine students, all anxious to get into the air game.

R. R. MONOPOLY IS TO BE HALTED

Atty. Gen. Wickersham Plans to Enjoin Consummation of Traffic Agreement

WASHINGTON, Nov. 21.—To prevent a railroad monopoly, the New England Department of Justice is considering plans to enjoin the consummation of the pending traffic agreement between the Grand Trunk and New York, New Haven and Hartford railroads. A special agent has been sent to New York to inspect the papers and correspondence in the case. Suit will probably follow immediately on the agreement's acceptance.

It is explained that Attorney General Wickersham has stopped Federal District Attorney Wise's probe into the affair in order to prevent the principals from testifying, thereby getting immunity. Jesse Adkins, who will assist Wickersham, refused to state whether the proposed action will be civil or criminal. The Department of Justice this afternoon denied that the order to Wise to stop the probe had followed the long distance treaties of J. P. Morgan and other Wall street leaders.

Although the Grand Trunk is a Canadian corporation, it operates in New England and is therefore under the provisions of the Sherman law.

MONSTER TENT WILL HOUSE ORANGE SHOW AT SAN BERNARDINO

SAN BERNARDINO, Nov. 21.—The finest exhibition tent ever built in America will house the fruit exhibits at the Third National Orange Show to be held next February.

The size of the tent will be 130 by 244 feet, with square ends, which will give the fruit exhibits approximately one-third more space than they had last year. And it is expected by Chairman Grow of the fruit committee to easily fill the larger tent.

For housing the industrial exhibit a practically new square end tent, especially designed for exhibition purposes, will be leased by the show. Judge Bledsoe's committee being authorized to secure this tent immediately. It is 110 by 260 feet, giving 50 per cent more space to the industrial display than in last year's show.

With these two tents the Third National Orange Show will have the best housing of any similar show ever held on the entire Pacific Coast.

TWO YEARS IN JAIL THOUGH INNOCENT

John Tilberg Now Sues Company That Sent Him to Jail, for \$660,000 Damages

SEATTLE, Nov. 21.—Found not guilty after two years in jail at Nome, Alaska, charged with robbing sluice boxes, John Tilberg today is suing the Pioneer Mining Company in the superior court, for \$660,000 damages. Tilberg was night foreman for the company. He was arrested in Seattle after he had left his employers and sold gold aggregating more than \$14,000, which he proved was his own property.

WHAT! PINCHOT TO BE MEMBER OF WILSON CABINET?

WASHINGTON, Nov. 21.—A Maryland Democrat, well known throughout the country and close to President-elect Wilson, is the source of a rumor that Gifford Pinchot will be offered the portfolio of secretary of agriculture in the next cabinet.

Men in the capital who have been working with the former forester in the campaign just closed admit that Mr. Pinchot would accept the office provided he could be given certain bargains with Mr. Wilson. It is also known here that Mr. Pinchot personally, and that he looks up to him as an authority on important questions coming under the supervision of the department of agriculture.

8 FLOORS IN PORTLAND BUSINESS BLOCK FALL

PORTLAND, Ore., Nov. 21.—Eight floors on the Sixth street side of the Marquam building, in the heart of the business section, collapsed at noon today. The detonation was heard for blocks. The building contained the Orpheum Theater and many offices. The collapse of the remainder of the building is expected. The streets are roped off, and neighboring buildings are being cleared. It is believed no one was hurt.

The building cracked about daylight. The authorities ordered the streets roped off and the building vacated. This probably saved many lives when the collapse came at noon. Hundreds crowding about the ruins fairly blockaded the streets this afternoon.

SALT WATER SYSTEM

LONG BEACH, Nov. 21.—Plans for the building of the station to be used for the new high-pressure salt water system are about completed by the city engineer's force, and bids will be called for the construction of the system as soon as the plans have been submitted and approved by the city council.

QUAKER CITY WELCOMES WOMEN

400 Delegates From Every State in Union Gather for Woman Suffrage Meeting

MEETING GREATEST OF KIND EVER HELD IN U. S.

Highwater Mark of Political Success—Four More States in Suffrage Column

PHILADELPHIA, Nov. 21.—The forty-fourth convention of the National Woman Suffrage Association opened today with a noon meeting at Independence Square, five speakers simultaneously addressing the crowds. This is by far the greatest suffrage convention, both in point of attendance and importance, ever held. It touched the high-water mark of woman's entry, as a recognized factor, in the national political field.

Practically every state in the Union was represented. More than 400 delegates answered the roll call when Anna Howard Shaw, president of the national organization, called for order in the Witherspoon building, Juniper and Walnut streets. The visitors are being entertained in the homes of local suffragists. Members of the Pennsylvania Association volunteered to throw open their homes to fellow-delegates and co-workers from other states.

The convention was officially opened at 2:30 o'clock this afternoon by Mayor Blankenburg, who delivered an address of welcome to the delegates. Mrs. Ellen H. Price, president of the Pennsylvania Association, under the auspices of which the convention is being held, followed Mayor Blankenburg, and the response was made by Mrs. James Laidlaw of New York, an officer of the National Association.

INDUSTRIAL UNIONISM IS DEFEATED BY FEDERATION

ROCHESTER, N. Y., Nov. 21.—The adoption of the principle of industrial unionism has gone down to defeat by a vote of less than two to one in the convention of the American Federation of Labor. Stormy debates between Socialists and those supporting the administration marked the proceedings yesterday.

A free-for-all fight seemed imminent at one time, when James P. Egan, delegate of the Ohio Federation of Labor, a member of the Typographical Union, characterized those who advocated industrialism as "papier mache revolutionists advocating free love and Fletcherism." The turmoil for a few minutes following that attack, savagely made, threatened to precipitate a free-for-all fight, but by effective action with the gavel President Gompers gradually restored order.

BIGGEST COLONIST STREAM EVER IN U.S. IS COMING TO COAST

LOS ANGELES, Nov. 21.—The greatest steady hegebra of homeseekers to the Pacific coast ever known in the history of American colonization is expected in 1913 by transcontinental railroads entering Los Angeles. Officials believe this flow of settlers westward will be general and continuous throughout the entire coming year. To meet the anticipated demand for transportation, the passenger department of the Southern Pacific yesterday announced homeseekers' fares for the first and third Tuesdays in every month during 1913.

F. S. McGinnis, district passenger agent of the Southern Pacific at Los Angeles, said recently: "There are excellent reasons for believing that the colonists will come to Southern California in larger numbers than ever before. This year has been a most prosperous one for farmers and fruit growers throughout North America, hence more of them than ever before are able to move to a better climate."

"The approaching opening of the Panama canal and the consequent benefits to the Pacific coast have aroused a keener and more widespread interest in California than has been known hitherto. The territory tributary to Los Angeles undoubtedly will receive many of these newcomers. The first will arrive early in January."

LABOR UNIONS AND SKILLED WORK

Among the problems considered by the American Federation of Labor at its Rochester convention, has been the unionizing of the Steel Corporation and other big industries. The fact that the skilled workers in the steel industry have tended to remain aloof constitutes a problem to which the federation has had to give serious attention.

The majority of people accept the traditions of their work as given them by the last man on the job or the foreman. Every factory has its almost inflexible customs, providing that raw material must be handled in a certain way to produce the best results. Any man who disregards these customs, and tries to demonstrate some quicker or better way, has as hard a time of it as a political reformer in a machine caucus.

Nevertheless, the shop tradition may not be right. All forms of technical science are being revolutionized. The man who should undertake to build a railroad bridge as it was built a generation ago could not get a chance to put up a surface water drain on a village highway. Yet in a host of factories practically the same methods are being used that were used by the fathers of the present employees.

There is a large section of workmen who have the American gift for mechanical ingenuity. Their mind is continually calling up factory processes for critical examination. They like to question workers from other places, to learn if they know any more effective methods. They go to the libraries and study technical works. Almost any man, be he factory worker, farmer, or professional man, can largely increase his production or turn out a better article, if he will hunt up the best information on that subject, and think out better processes in his own brain.

The skilled workman is the man who has learned the best in his reach. At a high price he is a cheaper employee than the unskilled man. To win the allegiance of this class of operatives, the labor unions must protect the skilled man as well as the unskilled. They must encourage the man with the original capacity to improve himself, and see to it that he gets a reward commensurate with his increased production.

Santa Ana People Give Credit Where Credit is Due

People of Santa Ana who suffer from weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Santa Ana people. Here's a case:

I. W. Parsons, 402 W. Fourth St., Santa Ana, Cal., says: "Several years have passed since I first publicly recommended Doan's Kidney Pills and now, as I did at that time, I claim that they are the best kidney medicine on the market. I have used them off and on as occasion has required and have never failed to get relief. Some time ago the kidney secretions became too frequent in passage and caused me annoyance. I commenced taking Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mather's Drug Store) and the contents of one box greatly strengthened my kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NATION'S WARDS WANDER

WASHINGTON, Nov. 21.—Rocky Boy and his band of 290 Nomadic Cree Indians who have wandered to Helena from their Northern Montana camps, will be taken care of by the agent of the Blackfoot Reservation.

Rocky Boy and his companions, not fancying the loneliness of their bleak allotments on the public domain west of the Blackfoot, wandered up and down the Canadian border, finally anning at the state capital. Army officers took charge of the party and reported to the Indian Bureau. Acting Commissioner Abbott telegraphed to the Blackfoot agent to look out for them.

PROPER PLACE FOR SNAKES

SPOKANE, Nov. 21.—County jail attendants are puzzled today as to how they will dispose of the case of Alexander Smith, snake charmer, arrested for "bootlegging," who demands that three of his slimy pets be brought to his cell. He is pining for snakes, and the jail physician has warned that his health may be affected unless his wish is gratified. Meanwhile, the snakes have been consigned to the temporary care of a bartender.

GOD AS THE "FIRST CAUSE"

Mr. Nealley was talking the other night about the "forces" that are at work, hatching out the hen's egg in 21 days, and the earth in 21 thousand or million years and the universe in 21 billion or trillion years—and this is no attempt at flippancy and meant no disrespect either for Mr. Nealley or for evolution. Being privately asked what those forces are he said they are the universal impulse, everywhere and always. Asked if this meant God as the "First Cause," Mr. Nealley said:

"Evolution knows nothing about a 'First Cause.' It recognizes God as an immanent, indwelling, ever-present, sustaining cause all through the process of development, from an infinite past to an infinite future, but it regards the idea of a first cause as an unthinkable conception. It only involves the mind in an 'infinite regress.' To explain the creation of the world and of man by the hypothesis of a God as a first cause doesn't explain anything. It only pushes the problem back one step, and we can go on pushing it back forever—the 'infinite regress.' The mystery of origins is insoluble by any human hypothesis. The theological idea that we must have a God to explain creation is no better than the primitive conception that the world rests on the back of Atlas, and Atlas stands on the back of an elephant and the elephant on the back of a tortoise, and there the support ended. It seemed to occur to no one that the tortoise needed as much support as the earth. In the same way we see an orderly creation about us and we say God is the cause of it. As an immediate explanation, conceiving God as an immanent sustaining power, it is no doubt true, but the ultimate problem of origin isn't so much as touched. It is only pushed back. And yet I suppose the great majority of Christians are entirely satisfied to push it back one step and accept it as final.

"Evolution doesn't attempt to deal with origins or finalities. It sees a process, or rather a part of a process, and does what it can to describe and interpret the little section that it sees. It defines this process as an infinite progression of an infinite impulse from an infinite past into an infinite future, towards heightened life. There are no repetitions, no returns upon itself. Every event and every fact is absolutely unique and fresh."

WHITTIER GETS PERMIT TO SELL HEMET SYSTEM

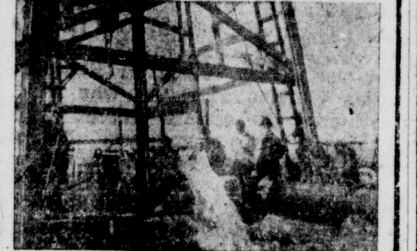

SAN FRANCISCO, Nov. 21.—The State Railroad Commission Tuesday rendered a decision granting permission to the Lake Hemet Water Company, the Fairview Land and Water company, the Hemet Town Water Company, W. E. Whittier and W. S. Peloubet to sell their water properties to the Southern California Utilities Company for \$4,417,992.

This is a part of the transaction under which the Southern California Utilities Company proposed, under a bond issue of \$10,000,000, to develop extensive land holdings in Riverside County and to engage in irrigation and hydro-electric business.

THANK OFFERING DAY

Congregational Ladies Joined in Pleasant Program—Generous Offering

The following program was rendered at the annual thank offering meeting of the Congregational church held at the home of Mrs. W. B. Tedford, 1319 North Main street, yesterday afternoon at 2:30:

Responsive service, Mrs. Paul. Reports from meeting at Whittier, Mrs. Pendleton, Mrs. Hughes, Mrs. Strong.

Vocal solo, Mrs. Stearns. "When the Deacon Talked in Church," Mrs. Van Cleave. Instrumental solo, Mrs. Arnold Peak.

"Thank Offering Thoughts," Mrs. C. F. Crose. Miss Ceelia Cotter, who with her sister, Miss Mary, is spending the winter in Los Angeles, was present, coming down from the city to attend this meeting. A generous offering was given and most delicious refreshments were served.

The refreshments were in keeping with the Thanksgiving season consisting of pumpkin pies, doughnuts and grape juice. A pleasing feature of the meeting was the reading of Bible quotations or Thanksgiving Thoughts sent in by absent members, Mrs. Tople and Mrs. Norton reading these. Another enjoyment was the piano playing of Mrs. Arnold Peak. Her program number, a waltz by Wienawski, was so much appreciated that Mrs. Peak gave an encore, a Schumann selection.

There was an excellent attendance at this annual meeting and the offering passed the \$66 mark. The committee in charge included Mrs. W. B. Tedford, Mrs. D. G. Cole and Mrs. Mary Powell.

Church Fair and Supper
The Unitarian ladies will on Friday afternoon and evening give their annual fair and supper at the Unitarian church, corner Bush and Eighth streets.

There will be a sale of fancy articles suitable for Christmas gifts, during both afternoon and evening. The meat pie supper which the ladies of the church will serve from 5:30 to 7:30 p. m. and is sure to be a star attraction to all familiar with the cooking ability of the Unitarian ladies.

"Billy" Club Meeting
The "Billy" Club met yesterday afternoon at the home of Mrs. Joe Babbitt at the Fowler apartments. All the members were present and a very enjoyable and profitable afternoon was spent.

Orange County Conservatory of Music
We have succeeded in arranging with Miss S. Cave, chief assistant to Prof. C. L. PROFITABLE TRIP

Feminine Park Commission of This City Studied Beautiful Park at Pomona

A delightful day was spent yesterday by the five park commissioners, Mesdames A. Getty, H. G. Hull, J. H. Rankin, J. F. Padgham, P. R. Reynolds and their guests, Mrs. A. J. Lawton and Mr. J. H. Rankin, who made a trip to Pomona for the purpose of inspecting the parks of that progressive city.

The first stop was made at the Edison Company's office, where the genial manager, Frank W. Balfour, took the party in charge. The beautiful city hall was the next point of interest. Here the party was met by Lee R. Mathews, and Superintendent of Parks J. M. Paige. Some time was spent in inspecting the building, the arrangement and furnishings of which are well high perfect. Of special interest to the party was the Hadley underground system of irrigating employed in caring for the well-kept lawns surrounding the city hall.

A drive about the city and a visit to the two smaller parks, Lincoln and Central, occupied visitors during the morning. Lincoln park deserves special mention, as it is here the superintendent of parks has had ample opportunity to use his professional knowledge as a gardener. The plot, which contains five acres, is circular in form and is surrounded by a cement coping. The circular idea is carried out in the entire plan. A space about ten feet wide, planted to choice roses and other low shrubbery, follows the circular contour of the coping on its inside. A circular plot about sixty feet in diameter, which occupies the exact center of the park, is also planted to shrubbery. In front of each of the four equally-distant entrances is a small circle about forty feet in diameter treated as the central one. A restful expanse of lawn fills the intervening spaces, dotted here and there with choice trees and shrubs. These are of a larger variety than the shrubs in the central circle, the whole giving a most pleasing and artistic effect.

Messrs. Mathews, Balfour and Paige were hosts at a well-appointed luncheon served at the Elks' clubhouse during the noon hour. To say this was heartily enjoyed and appreciated by the party, but mildly expresses their sentiment.

The afternoon was spent in visiting and inspecting Pomona's famous Ganesha Park containing forty-five acres. Here Nature has been lavish in giving the city foundation for one of the most picturesque and beautiful parks of its size in the state. The superintendent of parks, who is ever ready to grasp a suggestion of Dame Nature's, has added a flight of cement steps here, a retaining wall of stone there, winding paths around the hill and valley and filled the nooks and corners with choice shrubbery, making this park a place of rare beauty.

At 4 p. m. the party left for the return trip, feeling greatly indebted to the three gentlemen named for a most delightful and profitable day. One and all were unanimous in the statement that the city of Pomona is to be congratulated upon having such enterprising and public-spirited city officials who are alive to the value of fostering such picturesque and lovely parks as those owned by the city.

Garden Grove "Y's"
The Garden Grove Y. P. B. met with Mr. Wayne Holt last Friday evening. About fifty young people were present and three new members were received.

Devotions were led by Wayne Holt and temperance songs were sung with enthusiasm.

The subject of "Juvenile Courts" was entertained with readings by Myrtle Dietrick and Ray Beardsley.

Miss Helen Jackson favored the company with a piano solo. Various games were played and delicious refreshments were served.

LOTS OF BEAUTIFUL, GLOSSY HAIR—25 CENT "DANDERINE"

Hair Coming Out?—If Dry, Brittle, Thin or Your Scalp Itches and is Full of Dandruff—Use "Danderine"

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

Music and the Drama

With a house packed to its full capacity, Valeska Suratt and her company produced "The Kiss Waltz" at the Grand Opera House last night. What is more, it was produced just as it was produced in Los Angeles last week, not one thing left out.

This last statement is worth considering for the reason that the production came mighty near not being the same. About the time the curtain should have gone up Manager Ulm learned that the company's stage carpenter had concluded that one setting would be enough for the one-night stand. The synopsis of scenes calls for two settings. The stage carpenter had left the second setting at the depot. Capt. Ulm got into his fighting clothes in a hurry, and said that the whole show would go on or there would be no show, with money back at the box office.

In about three minutes transfer wagons were headed for the depot, and the scenery was hustled to the opera house.

It was 9:30 o'clock before the curtain rose on a chorus of good looking girls, who contributed a good deal to the evening's production.

It was one of those musical comedies that go with a rush, rather of an extreme fashion, with little call for acting. The leading lady appeared in eight or ten different costumes, some beautiful and some outlandishly queer. In the company were a number who made hits, among them Hattie Burks, a pretty little blonde, as Antschi and Lillian Wiggins as Kathi.

Three local people added to the entertainment. In the last act running boards were thrown up, and the entire cast ran down one aisle and up the other. Valeska Suratt found a seat and joined in the applause. A bald-headed man beside the aisle attracted her attention, and before the man knew what was up she had planted a kiss on the shiny head. Glenn Martin occupied a seat next to the aisle. Supposedly as a reminder to the audience that yesterday Martin under arrangements with Manager Ulm took her for a ride in the air, the actress descended upon Martin, seized him, kissed him, and was back on the stage before he hardly realized that something had happened.

"Laughing Bill" had Kathi smiling Kathi was taking the part of a new-lyric person. Her antics brought forth a peal of laughter from "Laughing Bill," and Kathi could not keep her face straight.

ANAHEIM'S ORANGE CROP INCREASING
ANAHEIM, Nov. 21.—Estimates are that the Anaheim orange crop will run at least 150 cars in excess of the crop of last season, when about 450 cars were shipped from the three packing houses in the city. The increase for the approaching season is due to larger crops on the trees and is expected within the next three years to increase the Anaheim annual orange crop to at least 1000 cars. This estimate is based on acreage now in young trees and does not contemplate further new acreage that will constantly be added.

ASSAILANT'S AIM WAS SLIGHTLY OFF COLOR

Henry McCarthy Knocked Down by Mysterious Stranger

Orange News: An attempt either at robbery or assault, was made last night upon Henry McCarthy near his home on East Chapman avenue as he was going home after closing the McCarthy store for the night. That the attempt was nearly successful is proven by a bruise on the young man's shoulder, where he was struck by a rock, aimed at the back of his head.

Young McCarthy closed the store late in the evening and was carrying the day's cash on his person when he went home. Along the curbing in front of his home is a row of large pepper trees, which keep the sidewalk in deep shadow. As he was about to turn up the walk at his home someone stepped out behind him from back of a tree and hurled a rock, evidently at his head with the intention of knocking him out. "Jack" went to his knees, but was up again and skipped inside, where he deposited the money. As he ran in, the unknown sent a verbal threat after him to the effect that he "would get him yet."

With his ire somewhat aroused, McCarthy sallied forth again and saw his assailant still standing on the sidewalk. As he reached for the same rock, which had glanced from his shoulder and rolled along the walk toward the steps, the other turned and ran around the corner of a neighbor's house. McCarthy followed and saw him disappear in an orange orchard. A few moments later he heard a motorcycle start up on an adjoining street and make off at high speed.

SPECIAL TRAIN TO THE FOOTBALL GAME

(By Vera Smith.)

A special train on the Southern Pacific will leave Saturday, Nov. 23, at 12:40 p.m. It will carry the mighty Red and White warriors to Whittier to meet the Quakers in their own back yard.

In the game with Pasadena last Saturday Santa Ana suffered the loss of two of its best men, Smith and Timmons. This will be a heavy loss to the team, but it is determined to defeat the crack Whittier eleven. Last night's practice showed many strong points on the offensive. In a short scrimmage with the scrubs, the regulars, in spite of their loss, played through the opponent's line for large gains. This shows that the team will be strong against Whittier.

The standing of the Conference League teams shows that Pasadena will probably beat Long Beach when they clash with them on "Turkey Day." This means that Santa Ana will have a crack at both Pasadena and Long Beach, and if this happens they are sure of the championship. Coach Rateiffe says: "The team was pretty well battered up in last Saturday's game, but there should be no doubt in regard to a Santa Ana victory at Whittier."

The fare to Whittier and return on the high school special will be 75 cents, and the train is not limited to the high school students.

THEY WILL SPEAK HERE TONIGHT

The Protestant evangelical meetings at the Immanuel Baptist church, corner Sixth and French streets are attracting large congregations every night. Last evening the ex-Roman Catholic evangelist, Rev. T. E. Leyden, of Boston, gave an interesting address on the question, "Where is Purgatory?" followed by the ex-monk, Rev. H. W. Sullivan. Tonight Mr. Leyden will tell why he left the pope's church. Also Rev. Sullivan will speak and tell why the priesthood condemns the American public school system. Friday afternoon at 2:30, will be a private lecture to ladies only, on "Mixed Marriages." Friday night will be a lecture to men only, on the "Secret Confession of Sin to a Priest."

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only plug the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin (WINGOOD'S DRUG STORE)

AUTHORITIES TAKE AN ACTIVE STAND

At a meeting of Police Committee-men Greenleaf, McPhee and City Marshal Jernigan vigorous steps to rid the city of suspicious characters were taken. In view of the fact that there has been a series of burglaries, it was thought best to instruct the officers to make careful inquiry into the business of men whose behavior or habits look suspicious, and to make as many arrests as are necessary to clear the city of men who might be suspected of being criminals.

The city marshal has requested that any resident seeing suspicious persons hanging around or who believe that some house in the neighborhood has been entered by thieves telephone immediately to police headquarters at the city hall, and an immediate investigation will be made.

Only a Fire Hero

but the crowd cheered, as with burned hands, he held up a small round box, "Fellows!" he shouted, "this Bucklin's Arnica Salve I hold, has everything beat for burns." Right! also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises. Surest pile cure. It subdues inflammation, kills pain. Only 25 cents at all druggists.—Advertisement.

DOOR FOUND OPEN POSSIBLY BURGLARY

Two nights have gone by without a burglary.

That is, if Emory's motorcycle shop on East Fourth street was not entered by a burglar last night. This morning when the proprietor arrived he found a door open. City Marshal Jernigan and Constable Jackson investigated, and were more than half convinced that the door, which was loose, had been jarred by the wind, the bolt working out of place, and the door opened.

Emory was not certain whether or not anything was missing. He thought possibly a presto-light tank was stolen.

HAS INVENTED A NEW CARBURETOR

J. Limon Flur of Santa Ana is the inventor of a new carburetor that may be manufactured in Santa Ana. The carburetor is called the Duplex Carburetor. It is very simple both in adjustment and construction, being composed of only two castings, the only moving parts being the valve and float. In operation it differs radically from anything now on the market. Extensive patents cover the new features. The device is really three carburetors in one, one for medium speeds, one for high speeds, and another for starting and the lower engine speeds. In this simple manner the flow of air and distillate is correctly regulated at any speed the operator runs the car. It is impossible to flood the carburetor or to catch fire from a back kick or sticky valve. The mixture can be made rich or lean from the steering column, which also allows for a gasoline adjustment in case that fluid has to be used in emergency. Extreme simplicity is accomplished by doing away with all cones, springs, check valves and other troublesome devices found on the gasoline carburetor.

The starting on pure distillate is accomplished in the same manner as in the use of gasoline, no priming being necessary, not even to prime the carburetor.

A Studebaker 30 has been equipped with the device for the past six weeks, under test by a private owner, who reports that the motor shows no carbon, the spark plug being cleaner than with gasoline, and the engine runs so cool the radiator fan has been dispensed with. A recent trip to Los Angeles by way of Long Beach showed a mileage of twenty-two to the gallon. The best the car ever did on gasoline was fourteen.

SPECIAL MEETING AT REFORMED PRESBYTERIAN CHURCH

Tonight in the Reformed Presbyterian church at 7:30 o'clock, there will be a conference meeting for "Home Missions." Rev. P. J. McDonald of Los Angeles, and Rev. J. S. Thompson, moderator of the Reformed Presbyterian Synod, and others, will deliver addresses. Some of the subjects to be discussed are: "The American Church's Task in America," "Modern Migration a Menace and a Mission," "An Adequate Plan for Home Mission Work."

Come tonight and hear able men discuss great topics of the day.

EVERYONE WELCOMES MME. BERNHARDT TO SANTA ANA

Tonight hundreds of the many admirers of good, wholesome, moving picture plays, will enjoy a feast of such amusement at the Bell Theater, as Manager Roberts, having bought the sole right of the famous Bernhardt pictures, in which the great Divine Sarah appears in the leading role, with her big and most carefully selected company in the great spectacular and historic play, "Queen Elizabeth." This, the greatest of all photo plays, is under the personal management of Mr. Daniel Froham, which stamps it as the very best. The mammoth production requires four reels to carry the thousands of feet of film, the photography of which is of the clearest, and all who are fortunate to see, will surely remember it for life to come. Being historical, it is not only entertaining but educational as well. There will be in addition to the Bernhardt pictures the usual three reels of pictures. A very long program. Two shows nightly, Thursday and Friday, the first at 7 p.m. sharp. No advance or prices—5, 10, and 15 cents. An extra matinee will be given on Friday afternoon at 2:30 sharp.

County Taxes —Next Monday, Nov. 25th, last day for payment of first installment.

GIVE YOUR LIVER AND BOWELS A THOROUGH CLEANSING WITH GENTLE "SYRUP OF FIGS"

Removes the Sour Bile, Gases, and Clogged-up Waste Without Gripe or Nausea—No Headache, Indigestion, Constipation, Biliousness or Coated Tongue

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physician, they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged-up waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.—Advertisement.

LOS ANGELES PRODUCE MARKET

About ten cars of bananas arrived on the market yesterday—a very large shipment. Prices on the fruit ranged from 3 1/2 to 4 cents a pound. Bananas have become somewhat cheaper during the past week or so. Apple receipts were 2373 boxes. A car of Ganos came in from Utah, and were selling at \$1.25 to \$1.35. Some pomegranates were quoted as low as 4 cents a pound. Persimmons were still very much in evidence. Some local avocados came in. A large portion of the muscat grape stock was below the average in quality. Grapes have been much scarcer the last few days.

The dried fruit demand is still increasing, and a number of orders for future delivery have been received. Imported dried Smyrna figs are expected to arrive before the end of the week.

Some bothouse cucumbers were on the market. Very few have come in, as those produced in the open are still fairly plentiful. Receipts of potatoes were 6766 sacks. Six hundred sacks of onions and 269 sacks of sweet potatoes came in. Receipts of sweet potatoes the last few days have been heavier than usual. Good stock can be secured from 1 1/2 to 1 3/4 cents a pound. The sweets selling at 1 1/2 are excellent. Receipts of beans were 471 sacks. Pinks were quoted down to \$4.50 to \$4.60 per sack.

Eighty-three cases of eggs were reported in. The tendency of the local fresh stock was toward strength. Eastern fresh eggs were fairly steady. Dealers say storage eggs are supplying the greater portion of the city's demand. Butter was firm at prevailing quotations. Receipts were rather light—19,231 pounds. No cheese was reported in. Northern fresh in limited quantities was offered at 17 1/2, and Tillamook dairies at 18. The market on cheese is still a little weak. The demand for staple products was fair.

WILL RESCIND THE MARRIAGE

Parent of Youth Wedded Here in September Asks Court to Annul the Ceremony

A wedding that occurred here on Sept. 20 with Justice Cox at the helm is responsible for an annulment suit begun today in the superior court. John E. Van Sant's parents did not consent to the wedding, and they are going to see to it that it is no wedding.

John Van Sant told Deputy County Clerk Backs he was 21 years old and Backs issued the marriage license to Van Sant, who said he lived in Los Angeles. The girl was Lillian R. Rogers, aged 18, of Pasadena. The

complaint filed by Attorneys Wettlin and Tarver states that Van Sant was under 21 years old, had no consent of a parent, and has not lived with the girl. The court is asked to annul the ceremony. The suit is brought for young Van Sant by his father, J. R. Van Sant.

Was Found Guilty
Encarnacion Santoyo, an Anaheim Mexican, was yesterday found guilty of attempting to kill Jose Rodriguez, who was stabbed in the back by Santoyo. Sentence will be passed Monday. District Attorney West prosecuted and Attorney Green of Los Angeles defended.

Expense Accounts
Statements showing campaign expenses have been recorded by nearly all of the local Republican and Democratic candidates and by some of the Socialists. The totals shown by the statements are: J. N. Anderson, Republican, for state senator, \$183.44; L. P. Hart, Democrat, for state senator, \$179.10; H. V. Weisel, Republican, assemblyman, \$68.10; H. E. Smith, Republican, supervisor, \$37.75; W. A. Greenleaf, Democrat, supervisor, \$36; Wilhelm Schumacher, Republican, supervisor, \$81.90; J. H. Brunworth, Democrat, supervisor, \$147.50; J. H. Stewart, Socialist, assemblyman, \$7.25; W. G. Loughboro, Socialist, supervisor, nothing. The Republican county central committee's statement shows an expenditure of \$330.92.

Stay Here About Up
P. R. Stock's stay at the Orange county jail is about up. Tomorrow or Saturday he will be started for San Quentin to serve a ten-year term for passing a no-fund draft.

Stock was sentenced on May 6. Just before sentence Attorney Harding put in a plea that Stock was insane. Judge West stated he had no doubt but what Stock was sane. However, an examination by physicians was ordered and held, and the physicians decided that Stock was sane. Stock was shown to have broken his parole from the penitentiary at Walla Walla, and that he was concerned in numerous shady transactions. He was leader in an attempted jail-break here. He was given a ten-year sentence. Harding took an appeal. The Appellate Court affirmed the judgment, and today the remittitur was received, which acts as an order for the sheriff to conduct the man to the penitentiary. With the remittitur came the opinion of the upper court, stating that the only point raised by Harding in argument was made in a few remarks concerning the man's sanity. The court held that since Judge West was finally satisfied of the man's sanity and the examination was held, Stock's rights had not been prejudiced. The opinion even states that the examination was not necessary.

Suit for \$600
H. H. Kelly of the Cadillac Garage has brought suit for \$600 against Ashby Turner. Kelly asserts he is entitled to possession of an automobile, sold to Turner in 1909, and being refused possession he asks judgment for \$600. Williams & Rutan represent Kelly.

Action on Note
J. M. Raugh as administrator of the estate of B. Fred has sued H. E. Taibert on a note for \$450 given by G.

S. Bergey to J. R. Wardlow and assigned by Wardlow to Fred before Fred's death. W. H. Thomas is attorney for the plaintiff.

Case Dismissed
Dismissal was entered today in one of the old beardless barley suits, begun in 1908. William H. Chormicle was the plaintiff and the Southwest Warehouse Company the defendant. Chormicle had been farming on the San Joaquin, and got seed barley from the warehouse company. He thought it was the beardless barley commonly grown here. When the barley grew up it was found to be beardless, not a good producer in this section. Chormicle sued and got judgment for \$2000 in June, 1909. In May, 1910, the upper court ordered a new trial. The trial was set for next Monday. Today came a stipulation of dismissal, signed by Los Angeles attorneys representing the litigants. The other beardless barley case was settled out of court months ago.

TRY THIS FOR A BAD COLD

Pape's Cold Compound Cures Colds and Grippe in a Few Hours

It is a positive fact that a dose of Pape's Cold Compound, taken two hours until three consecutive doses are taken, will end the cold and break up the most severe either in the head, chest, back, stomach, limbs or any part of the body. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or cold Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.—Advertisement.

150 CAUGHT IN DRAG-NET OUT FOR QUACK DOCTORS; VENDERS

WASHINGTON, Nov. 21.—As a result of the Government's probe into the methods of alleged quack doctors, and manufacturers of injurious medicines, incomplete reports this afternoon show 150 have been arrested. Chief Postoffice Inspector Sharpe expects to complete arrests tomorrow. Postmaster General Hitchcock has requested early trials.

MOTORCYCLIST HURT AT RACE TRACK TODAY

Floyd W. Parsons, the Harley-Davidson motorcycle agent at Orange, went into the north fence at the Santa Ana race track today while trying out a racing machine. The machine hit sort dirt, and went off the track. Parsons has his back badly sprained, and he may be internally injured. His physician thinks the internal injuries, if any, are not serious.

HIT BY ENGINE AN AUTO IS SCRAP-IRON

A Stoddard-Dayton rental automobile belonging to C. E. Lush was turned into a scrap heap last night when it was hit by a Santa Fe freight engine on La Veta avenue crossing. The driver, Robert Barklow, was taking two passengers to Santa Ana, and his engine was killed on the tracks. The occupants got out before the train struck. Barklow has not showed up.

BLACKSMITH IS HURT IN AN EXPLOSION

Culver, the blacksmith at Irvine, is suffering from burns on the hands and forearms as the result of a gasoline explosion a few days ago. An automobile having engine trouble drove into the shop in the evening. The gasoline was being extracted from the tank when it ignited from a lantern used for a light. The explosion was not extensive.

WORK ON WATER

Azusa Mutual Companies Give City \$50,000 to Aid Distribution in San Gabriel

Los Angeles Tribune: As a result of a conference between Frank G. Henderson, president of the water board, and representative of the mutual water companies of Azusa, the latter have agreed to turn over \$50,000 to the city of Los Angeles within the next few days.

In consequence of this, it will be possible for the water board to begin work on the water distributing system before the \$8,400,000 bond issue is voted by the people of this city. It is expected that the example of the Azusa water companies will be followed by other districts.

The money will be devoted to the construction of that part of the distributing system which is to supply the San Gabriel valley with Owens river water.

President Henderson also announced that steps will be taken at once to sink wells in the Los Angeles riverbed to obtain an additional supply of domestic water for this city. The wells will be sunk near the intake to the Los Angeles mains.

STOPS PLANS FOR BUILDING

S. A. V. I. Company Said to be
Considering Moving Office
Away

Orange News: That the new building proposition of the Santa Ana Valley Irrigation Company has come up against the Home Telephone snag and is at present at a standstill is the substance of a statement coming from a credible source which has reached the News today.

That there is an inclination on the part of the S. A. V. I. directors to remove the office of the company from Orange to Santa Ana because the city of Orange refused the Home permission to come in, is also vouched for by the News' informant.

At a meeting of the directors very recently it is asserted that the building proposition was laid aside when the directors learned that the petition of the Home for permission to connect with the S. A. V. I. office here had been denied by the city trustees.

The petition of the Home Telephone Company for permission to connect with the S. A. V. I. office was denied by the trustees on November 11, it being the belief of some of the members using the S. A. V. I. as a blind to get a foothold in Orange. The Home represented that it had the backing of the S. A. V. I. directors in the petition, although they did not publicly endorse it.

President Dittmer of the board of trustees today stated that the S. A. V. I. Company directors had been informed through one of their members that permission to connect with the Santa Ana office of the Home would be granted at any time that the S. A. V. I. directors would apply, but that so far the Home seemed to be the only one anxious to get it.

CARNEGIE GIVES \$2,000,000 MORE TO COLLEGE FUND

NEW YORK, Nov. 21.—Andrew Carnegie has given an additional contribution of \$2,000,000 to the Carnegie foundation for the advancement of teaching. This brings the total amount donated by the ironmaster to the foundation up to \$14,000,000 since it was organized three years ago.

During the past year forty-eight college presidents were retired from active duty on pensions, bringing the total up to \$38.

TANGLED SKEIN OF FATE IS UNTANGLED

Los Angeles Times: The tangled skein of fate was thrown about Amanda Meierhoff on last Monday when she was arrested for passing fictitious checks for \$55 to buy her trousseau, was loosed Tuesday when she was married to Julius Danielske, No. 440 East Third street, who pluckily stood by her during her tribulation.

In addition to the horrors of arrest and wounded pride, the girl was one of the prisoners at the city jail Tuesday when all expected that at any moment it might be blown to pieces by dynamite.

Deputy District Attorney Hammon told the girl at his office Tuesday, whether she went with her father, that the checks she passed will be saved and used against her if she transgresses again. "But I like your pride in not wanting to ask your fiancé for money to buy your trousseau," he said, "and I believe the ends of justice will be well subserved if I allow you to go, as a kind of probationary measure."

The bride is 21 and lived at Olive, Orange County. She had made an appointment Monday to meet Danielske downtown and go then for the license. She did not appear and later he found her in jail.

CASCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Biliousness, Bad
Taste or Constipation by
Morning

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway through the alimentary or drainage organs every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

RESIGNATIONS NOW IN ORDER

Recall Election Has Not Ended
Factional Activities at
Huntington Beach

HUNTINGTON BEACH, Nov. 21.—Following Tuesday's defeat of the effort to recall W. D. Seely, chairman of the board of city trustees, Trustee Ed. Manning yesterday resigned his position and asked Seely to call a special meeting of the trustees to accept the resignation. It is now reported that Trustee French will also resign and C. W. Warner and T. R. Canady have been suggested as successors to French and Manning. It is evident that the faction war in this city has not decreased in bitterness.

Trustee Manning's resignation demonstrating that the defeat of the recall of Seely has only enhanced the feeling between the two factions at war.

The Holly sugar factory will close its season tomorrow with a record of a very successful year. More than 100,000 tons of beets were sliced, producing 30,000,000 pounds of sugar. A barbecue to the growers of this section is to be given Thursday with the factory in full operation for the inspection of the company's guests. Compton, Artesia and other nearby sections will be represented in the attendance.

ELECTRIC LIGHT COMPANIES MUST GIVE REASONABLE RATE

WASHINGTON, Nov. 21.—Secretary of the Interior Fisher this week told Owen Crosby and other public service corporation capitalists how the federal government, through the interior department, plans to force electric light companies operating on the public domain to grant reasonable rates to consumers, no matter if they have ancient contract rights at unreasonable rates.

This announcement is of great importance in Colorado, California, Wyoming, the Dakotas and other western states, where water monopolies are in control of large quantities of water power. The effect on the power companies of these states will be more far-reaching than in the east.

"Permits in the first place are to be issued," according to Secretary Fisher, "on the express provisions that the permittee, the company, by the acceptance of the grant, agrees to comply with such reasonable regulations of rates and service as may be prescribed by the state or the appropriate state agency delegated."

Five years of unparalleled success eloquently establishes the merit of our suit department. Our business has already more than doubled our first year, and now we are increasing at a faster rate than ever. The record of real modern methods travels fast and people will trade in the daylight. They like to come where everything is conducted on a modern business basis. No old goods to show you. No old stock stored away in closets from one season to the other. Our stock is not that kind. All new, fresh and right up to the minute styles. It will pay you to keep your eye on our show windows. They tell you what to expect inside. Come to Gilbert's and let us show you. You will get courteous treatment here.

See Our Coats, \$7.50 up

HIGH WIND TORE THROUGH THE SOUTH

Trees Uprooted; Buildings
Damaged and Wires Blown
Down by Real Gale

LOS ANGELES, Nov. 21.—Blowing at a velocity of twenty-four miles an hour, the wind yesterday afternoon uprooted trees and slightly damaged buildings in a number of points in Southern California and temporarily cut off telegraph and telephone wires in and about the city. It was the heaviest windstorm of the month, although nothing out of the ordinary for this season of the year.

The steamers Stanley Dollar, Helene, National City and Bee returned to San Pedro from Redondo Beach for shelter, arriving shortly before 11 o'clock. The northwest gale kicked up such a heavy sea that the discharge of cargo was impossible and a portion of the remaining consignments of lumber will be unloaded at Los Angeles harbor.

Western Union telegraph wires between Summit and San Bernardino were blown down early yesterday.

SHE WAS "OFFICER SHATTO," SAID THE TRIM LITTLE WOMAN

SAN FRANCISCO, Nov. 21.—"I have come for Pauline Jenks and Jeanette Frolich, runaway girls from Los Angeles," explained a trim little woman with a businesslike air, as she entered the office of the chief of police here recently.

"We have instructions to turn the girls over to Officer Shatto," explained Captain O'Meara, on duty.

"I am Officer Shatto," replied the young woman, pulling back her trim blue jacket and flashing her star.

She was a member of Los Angeles' woman's police force.

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c & \$1.00. Trial bottle free. Guaranteed by all druggists.—Advertisement.
